Guiding principles

Our passion is setting our clients up to succeed, each and every day. At all levels of our organization, we are champions of our clients' mission. Being a client champion means:

INSPIRING	FOSTERING	BUILDING	EMPOWERING	ENCOURAGING
A passion to act	An entrepreneurial spirit	Trust in all we do	Employee growth	Giving back
We embrace agility and speed as we break down barriers to drive our clients' business forward.	We think big and act boldly to reinvent the financial world of tomorrow, seeing what's ahead so our clients can focus on what's at hand. In turn, we create inspiring career opportunities for our employees.	We build our business and our relationships on a foundation of openness, honesty, reliability and integrity while incorporating a risk and security discipline into everything we do.	We empower employees to grow every day. We develop talent and career aspirations by collectively building an environment of success that breaks down barriers, fosters collaboration and creates new, bold possibilities of opportunity.	We passionately and purposefully encourage a culture of giving back – to our clients, to our communities and to our FIS colleagues – around the world to make a positive difference.

A few of our global innovation labs:

Fostering innovation and cutting-edge technology

At FIS, we foster the ideation and development of disruptive digital solutions that empower financial clients and commerce. Our iLabs are designed for idea sharing that shortens time-to-market on new applications. They further our efforts to create digital experiences that drive positive, rewarding relationships between financial institutions and their customers.

FIS gives back

Encouraging giving back is one of our guiding principles. We passionately and purposefully encourage a culture of giving back – to our clients, to our communities and to our own colleagues. Whether through financial donation or volunteer time, FIS and our employees support organizations across the globe. **The FIS Charitable Foundation** complements the donations and volunteer efforts of our employees by providing more than \$1.2 million annually in financial support to global charitable causes.
